

Public Relations Notice.

Recently, a member of Society, a public citizen, has spoken out in opposition of a ^{specific} REACH member being 'Alive and Active' while waiting to die on TN's Death Row.

First & foremost, Reach came about because most of the men on TN's Death Row have been waiting ^{for justice} ~~for~~ for over 20 years. Some have been waiting for 30 years. During that time, these men have changed, grown and matured. After many years of silence, they came together with a positive common cause of developing new ways to ^{REACH} ~~reach~~ communities, and methods to educate the public about crime and prevent it early on in their old neighborhoods.

It's very understandable that ^{FOR DECADES} a member of society would hold such harsh feelings toward a person on death row for a crime in their community. ^{This further supports the belief that community needs healing -} The members of a Reach have

failed to reconcile and heal those very communities? ^{BECAUSE NO ONE ELSE HAS BELIEVED IN DOING SO. FOR DECADES.} After 20+ years those communities are still in the same condition as they were when the crime transpired. (As proof of this, a member of society wrote to a reach member that he was "a monster that should go to Hell...")

Reach extends its hand to ~~the~~ ^{ALL} members of society in an effort to begin the dialog + healing process. We welcome all individuals that feel this way and recognize their heart and struggles to find answers and methods of personal growth + resolve. So these individuals we dedicate our time left in this world to leave this world in better standing than when we came into it. We believe when one person is Reached that an entire community can be reached and saved from the unfortunate despair we now face.

Your comments are always welcome, but I would like to remind you we have children and families that it hurts when those comments serve no positive purpose. Please be considerate of ~~our~~ ^{YOUR} community and the healing we are trying to achieve in it each day by taking steps that no one else has toward improvement.

Sincerely,

Public Relations ~~and~~ ^{for} Caution
Director.
